RAILROAD HAS BIG FIRE AT SAVANNAH

Savannah, Ga., Nov. 16.—The paint shop, upholstering plant and the planing mill of the Central of Georgia shops were destroyed by fire tonight. The loss has been estimated at nearly a million dollars. The round house which was located near the burning building was saved.

Captain D. V. Whitaker, of fire station No. 2, was injured by a falling wall and Fred Aspenwall, a fireman was overcome by acetylene gas. Both men have been taken to a hospital.

A number of cars were in the burning building and some of them were pushed to safety but seventeen coaches including one steel Pullman and two wooden sleepers, were consumed. The burned division were under one roof. The fire was checked before it reached the machine shop. Officials of the company priced the loss at \$1,100,000.

Captain Whitaker, who was injured by a falling wall, is not seriously injured. Fireman Aspenwall recovered from the effects of the acetylene gas after reaching the hospital and returned to the fire.

RABID MULE AT TROY ORPHANAGE

Troy Herald says: Dr. Reynolds, veterinarian and J. Sims, were in Montgomery Thursday to get a report on a mule's head from the State Laboratory.

The mule, belonging to the Baptist Orphanage here, went mad a few days ago, bruising itself considerably and biting three other mules.

Mr. Reynolds, foreman of the place ran his hand in the mule's mouth trying to give medicine, and since the laboratory claims it a positive case of hydrophobia, he will take Pastur treatment, as a precautionary measure.

The other mules belonging to the Orphanage, three in number, will receive the serum treatment for hydrophobia.

LITTLE SON OF REV. TUP PLANT KILLED IN AUTOMOBILE ACCIDENT NEAR TROY FRIDAY MORNING; MRS. PLANT INJURED

Elba people and the people of this entire section were shocked on last Friday morning when news reached here of the deplorable accident which resulted in the death of the little son of Rev. and Mrs. Tup Plant. The Ford car in which the family were riding went off a hill beyond Troy, and as a result the little boy was killed almost instantly and Mrs. Plant also received some injury.

Friends of the family extend to their sincere sympathy in their bereavement. The Troy Herald of Friday afternoon carried the following account of the deplorable accident:

Trojans were shocked Friday morning when the news reached town that an automobile had skidded into a ditch on Blair's hill, in the edge of the city, and almost instantly killed the little two-year old son of Rev. and Mrs. Tup Plant who reside in Elba, and injuring others who were in the car.

Rev. Plant, accompanied by his wife and little two-year old son and Mrs. William Plant and baby and a Miss Smith, all of Elba, passed through Troy about 8:00 o'clock this morning enroute for Montgomery. A slight rain had fallen during the night and Blair's hill was very slick as an inspection of the scene of the terrible accident revealed the fact that it was at the most dangerous part of the hill where the accident happened.

Rev. Plant and his wife and baby were occupying the front seat of the Ford car in which they were traveling, and according to Mr. J. A. McCollough, of Elba, who is visiting in the city and went immediately to the scene of the accident, it happened in the following manner:

The car was about half way down the hill and began to skid and the brake must have been applied too quickly, causing it to head right into the deep ditch on the right of the road, going towards Montgomery. It cannot be learned what exactly what struck the little boy, but his head was badly crushed behind his right ear, and Mrs. Plant, who occupied the front seat with her husband and little boy received a bad wound on the right limb near the knee.

The accident occurred at about 8:30 and the occupants of the car were rushed to town on a car which was passing and carried to Dr. Beard's office, but before they reached town the little boy had breathed his last and the remains were carried to a local undertaker prior to be prepared for shipment to Elba.

With the exception of Mrs. Plant and her baby, none of the other occupants of the car were hurt, only badly shaken up receiving minor injuries.

Rev. Plant is a prominent Baptist minister, residing in Elba, and serving a number of churches in Coffee county and he and the other members are almost prostrated over the awful accident.

Accompanied by Mrs. Towles Pierson, W. H. Vaughn, Lamar Rainier and other friends, the sorrowing party made their return trip to Elba at 10:30 this morning with the remains of the little boy.

The terrible accident has cast a gloom over the whole city and the deepest sympathy is felt for the unfortunate parents.

WITH THE CHURCHES OF ELBA

ANNOUNCEMENTS AND NEWS OF INTEREST FROM OUR RELIGIOUS INSTITUTIONS

BAPTIST CHURCH.

Preaching 11:00 a. m. and 7:15 p. m. by Chas. H. Gorman Pastor.

Sunday School 9:45 a. m. J. C. Fleming, Superintendent.

Sunday school attendance is still on the increase. We had two one-hundred per cent classes last Sunday. They were Mrs. D. J. Brook's and W. T. Whitman's classes.

The officers and teachers of the Sunday School met last Sunday morning and decided to observe "White Christmas."

Mrs. Cooper and Mrs. Hammon were elected to arrange the program and Mrs. Mercer Rowe was elected to arrange the candy.

The church gave as many music and loaf after that part of the program.

Rev. J. O. Colley, Superintendent of the Baptist Orphanage at Troy, preached to us last Sunday evening, all who heard him enjoyed his message.

At the conclusion of his sermon, the pastor suggested that the church give as many hens as would be needed for the orphans. There was a liberal response. Tuesday, a truck load consisting of potatoes, syrup, canned fruit, flour, eggs and 36 hens were sent to the orphanage.

The T. E. L. Class will have a Bazaar at Mr. H. J. Clark's store, next Wednesday and Thursday, Dec. 5th and 6th. They will sell all sorts of fancy work and home made goods.

The pastor is planning a special children's service for the near future. With the exception of a special sermon for the children, by the pastor, the service will be altogether in the hands of the children. The pianist will be a little girl, the choir will be composed of children, the ushers will be boys and the offering will be taken by boys. The pastor expects to make this a very interesting and helpful service. Further announcement will be made about this service later.

The evening service will be held at 7 o'clock until further notice. Let all try and be on time.

All are cordially invited to attend both services next Sunday, as well as Sunday School. Singers and visitors are always welcome.

METHODIST CHURCH

Preaching every Sunday, at 11:00 A. M. and 7:30 P. M. F. L. Lowry, Pastor.

Sunday School at 9:45 a. m. Chas. L. Rowe, Supt.

Epworth League, Sunday evening at 6:30 o'clock.

Prayer Service, Wednesday evening at 7:00 o'clock.

On Sunday, Dec. 9th, at 11 a. m. Rev. J. W. Reinhardt of Troy, will preach on the act of passing the way on when the child got off the pole and ran directly in front of the auto. The driver swore at the one and missed the little fellow with the front of the car, but the rear end struck him, fracturing his skull. He died almost instantly.

The driver of the car was doubtless blameless, as he did all in his power to avert the accident.

This 1923 Thanksgiving will always be a bright and joyous day for the paragon family. The day that stopped at the door with those good things was a surprise, and the preaching of the paragon family was a mistake, but when it was proven otherwise the whole family came out to see what Santa had brought. And there was such a variety! This message came pinned to them:

"There's a thought in our hearts that words will not say. Accept this as a gift for Thanksgiving Day—Remember, well again."

ANDALUSIAN FOUND DEAD WIFE IN BE CLOSED BEGINNING NEW ORLEANS HOTEL NEXT MONDAY, DEC. 3

New Orleans, La., Nov. 25.—What is believed by the police to have been a murder and attempted suicide was revealed tonight when the body of Mrs. W. W. Wiggins, 22 years old, of Cantonment, Florida, was found in a rooming house on St. Joseph street with her throat cut, and lying beside it was a letter addressed to Wiggins, Alabama, from whom she was said to be separated, with similar wounds, but still alive.

Mrs. Wiggins' throat was slashed in three places. She was found dead on the front porch of the house by other roomers who were attracted by her screams.

Wiggins, with a long bladed knife by his side, was lying near the body of his wife, with his throat cut from ear to ear. He was rushed to a hospital where after examination physicians pronounced his wounds as serious, but stated he had a chance for recovery.

A signed statement found by the police in Wiggins' clothing told of his wife having left him while the couple were in Birmingham and said that he came here several days ago in an effort to effect a reconciliation.

It told of his love for his wife and said "God will forgive me for what I have done and what I will do." He and his wife had talked over their death, the statement continued, and requested that their bodies be buried in the same grave as Andalusia. Wiggins said his wife told him she still loved him but could not live with him.

He said his father, J. A. Wiggins, lived in Andalusia, and W. M. Olsen, his wife's father, resided in Cantonment. A box of candy with "Viola Olsen" written on it, and several letters addressed to her from Cantonment and signed "Your Bud, Richard," were found in the room.

Wiggins in his statement declared that another man was responsible for his marital troubles.

A small admission fee to peanuts, sandwiches and lemonade were sold. The proceeds are to be used to add more books to the school library. The students are to be commended for the interest they are showing and efforts put forth to secure a large and useful library for their school.

MUSIC CLUB MEETS WITH MRS. MARLEY

The Music Study Club met at the home of Mrs. Dave Marley Thursday afternoon.

Mrs. Mercer Rowe presided over a short business meeting, during which time plans were made for a public program to be given by the club in the holiday season.

A splendid program followed the business meeting. Mrs. J. O. English acting as program chairman. A feature of the number was an open discussion on "Why Do American People Like Jazz?" This discussion was led by Miss Ella Law. The club believes the American people are beginning to lose their appreciation for such music and are becoming more appreciative of the finer class of music.

After the program Mrs. Marley served delicious refreshments.

Mesdames Zelma Alford of Chichester, Fla. W. P. Boyd, and W. F. Cooper, were guests of the club on this occasion.

JUDGE CLAYTON'S WARNING

—O—

Judge Henry D. Clayton is issued a warning several months ago to persons who were before him on charges of violating the prohibition laws. He announced that he would grant injunctions preventing the use of certain buildings for unlawful purposes, that more stringent measures would be used if necessary to curb the activities of those who held no respect for the law.

He has followed this action by personal injunctions preventing a large number of persons from violating the prohibition laws in the middle district of the state during the next twelve months and has ordered the placing of locks on certain buildings which are alleged to have been used in the handling of liquors.

With this latest action, Judge Clayton has announced that those who sell liquor in disregard to the injunctions will be sent to prison for contempt of court.

Law abiding citizens will approve Judge Clayton's position. They know that the only certain way of breaking up violations of the law is by providing swift and sure punishment. Those who reap the harvest from illegal trafficking in liquor care little for the fines which some courts have imposed but the certainty of a prison term will be a deterrent force which will cause many of those inclined toward lawlessness to quit the business. The injunction route can bring swift justice, too, because a violation of such an order can bring a prison sentence without the long delay incident to trial by jury. —Montgomery Journal.

JUDGE SESSIONS LANDS ANOTHER HIGHWAY PROJECT FOR DALE COUNTY

—O—

Ozark Star says: Judge Lewie Frank Sessions returned Monday night from Montgomery where he went to appear before the State Highway Commission in the interest of another highway project for Dale County. We are pleased to learn that he was successful. The Commission, granting him the highway by a unanimous vote. The highway granted is from Ozark to the Coffee County line leading west of Ozark by Westville and on to the Coffee line. This is one of the leading roads to our city and has never had any State or federal funds spent on it and the people living on this route will be delighted to know that Judge Sessions was successful in landing the highway for them. Work is to begin at once, the survey having been made several months ago, and will be pushed rapidly to completion.

NEGRO WILL SURVIVE EIGHT SHOTS IN HEAD

—O—

New Orleans, Nov. 21.—The eight buckshots which drilled Pleasant Miles, LaFourche, parish negro desperado, will not kill him, surgeons at Charity hospital announced. Miles killed a negro near Thibodaux last week, and in a battle with a posse seriously wounded three white men and he himself was shot and left for dead. An X-ray photograph of Miles' skull shows that four buckshot penetrated the skull on the left side, near the back, three on the left eye and one just above the bridge of the nose. The posse left Miles for dead at the scene of the encounter, took the wounded to Thibodaux and sent a truck for him. When the truck arrived Miles was found sitting up and calling out that he surrendered.

BALDWIN SHIPPING CARS OF SATSUMAS

—O—

Bay Minette, Ala., Nov. 21.—Satsuma oranges are now rolling in carload lots from practically every point in Baldwin County. Fairhope, Foley, Magnolia Springs, Elberta, Longley, Summerdale, Robertsdale, and Bay Minette are all sending out their quotas of golden fruit.

The Satsuma crop for the year will exceed that of any former year, and the fruit seems to be of excellent quality. The prices obtained for fruit are considerably better than in former years.

New acreage being constantly planted to satsumas shows the great faith that the people of this territory have in the industry.

Another Notable Negro Farmer

—O—

Sam Jones, a thrifty negro farmer living five miles out of Selma on his own place, is not worried over the crop outlook, as he raised eight bales of cotton this year on seven acres of land, has plenty of corn to run him all the year and has some to sell. He also has twenty-five head of cattle, about thirty hogs and has money in the bank.—Selma Times.

OBITUARY OF REV. CHARLIE G. POPE

—O—

On the morning of October 24, 1922, Charlie G. Pope passed away suddenly and quietly on his mill yard at Cole's Bridge, on Pea River, which is near his home. Brother Pope had been in bad health for some time but on the morning of his death he seemed to feel better than common until the end came, which was without a moment's warning.

He was born October 15, 1858, in Bullock County, near Indian Creek, Florida. He was an early age married to Miss Elizabeth Pickett on October 1878, who he leaves behind to mourn for him. To this union were born eight children, six of whom are now living: Mr. Wesley Pope, of Jacksonville, Fla.; Mr. Oscar Pope, of Elba, Ala.; Mrs. Charlie Baker, near Arden, Dale County; Mrs. Mae White, who lived in the house with him at the time of his death, and Messrs. Tip and Day Hill Pope, who live near him.

He was a pioneer Methodist, joined the Methodist Church at Louisville, Barbour County, in 1881, and began preaching Methodist doctrine soon thereafter and served loyally in that capacity until his death.

He joined the Masonic Fraternity at old Charlton Lodge, now Arden Lodge, in 1899. Was initiated August 15, 1899, passed August 19, 1899, and afterwards affiliated with Victoria Lodge and was, except for a short time, Chaplain of this Lodge as long as he lived, and when called from labor to refreshment by the Head of the doth all things well, was laid to rest with Masonic honors at old Tabernacle Church.

He always stood square on all moral and social questions as well as all other considerations. He allowed his conscience to dictate regardless of popularity or policy. He was truly a man led by strong convictions for the right against the wrong. He was, nevertheless, kind, considerate and gentle. Whenever or whenever sickness, sorrow, or distress were found, he was ever ready to comfort and help.

He had finished his work, and had truly fought the good fight of faith as a good soldier of Jesus Christ. A good man, a Christian gentleman, a model husband, a devoted father, a loyal public spirited citizen. Truly it may be said again, a great man and a prince is fallen in Israel.

PLAN OF COOLIDGE FAVORS FORD BID

—O—

Washington, Nov. 21.—"Assurance of a war-time supply of nitra and a plentiful supply of cheap fertilizer," are said to be the facts in which lie primarily President Coolidge's interest in the Muscle Shoals problem. The chief executive, who is taking an active part in efforts to solve the problem, is described as working in harmony with Representative Madden.

Whether he is in agreement with all details of Mr. Madden's legislative plans effecting the project are not known. Mr. Coolidge is quoted as saying that in his belief it would be of great advantage to the government to either operate the plant at a loss or dispose of it to private interests at a sacrifice.

Although Madden's plans affecting the project are known to contemplate acceptance of Henry Ford's offer for the release and purchase of Muscle Shoals, President Coolidge is authoritatively declared to favor the proposal for construction of a power plant on the Warrior River to replace the one recently purchased by the Alabama Power Company.

President Coolidge's agreement to the proposal of the Illinois representative, it is stated, would have the effect of restoring the Muscle Shoals to the status it had when the offer by Henry Ford was made.

NEGRO 115 YEARS OF AGE DIES AT MOBILE; WIFE LIVED TO 110

—O—

Mobile, Ala., Nov. 17.—John Livingston, "Junior," a negro, died at the age of 115 years in the Plateau settlement today. The age is authenticated by documents in the possession of County Coroner Dr. S. F. Hall.

Livingston was born a slave in Richmond, Va., September 15, 1808. He was married in this county to an African woman named Zula, imported with the last cargo of slaves brought to America and cast ashore to shift for themselves at what is now Plateau, north of Mobile, when General Jackson ordered the slave ship into the Spanish river. Zula lived to be 110 years of age and has been dead several years.

Livingston worked in a Louisville and Nashville construction gang when that railroad was building the Montgomery Mobile division. In recent years he has been employed as a mill watchman close to his home.

GOVERNOR TRAPP OPPOSED TO MASK

Oklahoma City, Okla., Nov. 24.—Governor M. E. Trapp entered the Ku Klux Klan controversy in the state legislature today by coming out definitely for an act governing secret organizations in Oklahoma, particularly with respect to making available for public inspection the membership list of all such orders.

The executive announced after a conference with members of the senate that he would recommend to the legislature Monday a bill along these lines declaring that while he did not wish a Klan or anti-Klan statute specifically, he wanted one that would apply to all secret organizations.

"The people have a right to such protection," he said "and they demand an adequate act covering these phases. I am sure the legislature will give it to them."

CORN WEEVILS TAKE BIG ANNUAL TOLL

Much of the annual loss due to corn weevils can be avoided, Dr. W. E. Hinds, Entomologist for the Extension Service and Experiment Station, says that these insects may be killed by fumigating with carbon disulfide at a very small cost. The application of carbon disulfide is very simple. To be effective the crib must be tight and the application made on a warm day. The thermometer should stand 65 Fahrenheit, or above.

In ordinary cribs 15 pounds of carbon disulfide are required for each 1,000 cubic feet. If, however, the crib is unusually tight, having a double wall with paper between them, 5 or 6 pounds are sufficient. A good way to apply it is to pour it in holes three or four feet apart in the top of the corn. Fire should be kept away and the crib should remain undisturbed for 48 hours.

Following two warm winters, Dr. Hinds has observed that corn weevils are more numerous all over Alabama. He suggests that the work be done under the direction of the county agent.

FARMER AT TAYLOR KILLED SELF SUNDAY NO REASON KNOWN

Dothan Journal says: Tee Kelly, a young farmer of near Taylor, killed himself at his home Sunday afternoon by shooting a pistol ball through his temple.

No reason was given by his surviving relatives for the rash act. It is understood that he had attended a Holiness meeting nearby and returning, secured the pistol and shortly afterward fired the shot through his brain.

Mr. Kelly was quite well known throughout this entire section and was held in high esteem by all who knew him. He was a son of Mr. Tom Kelly and in addition to his father, he leaves his wife and two children, a boy aged about seven and a girl aged four.

The funeral was conducted from his residence Monday afternoon.

UNIDENTIFIED MAN MANGLED BY TRAIN

Evergreen, Ala., Nov. 26.—

The mutilated body of a young white man was discovered on the Louisville and Nashville track between Evergreen and Sparta, this afternoon, by the section manager and his men.

A United States army discharge, dated 1919, gave the name of the dead man as George Nelelos, and his home at that time at Chicago. The man looked to be about thirty years of age.

The railroad authorities brought the body to the Dunn Undertaking parlors where it was prepared for burial and interment made in Evergreen cemetery.

Communication with relatives is being undertaken, but up to a late hour this afternoon no reply had been received. The young man was seen passing through Evergreen on a flat car of a freight train sometime in the forenoon, and it is supposed that he fell from the moving train and was killed without the knowledge of any of the train crew.

On account of not being able to see all who desire his services on his visit here this week, Dr. Roth has made a re-very engagement for Wednesday, December 12th. Look for his announcement next week.
